

AEO and bonded storage permit

We are very proud to inform you that R.B.C. Terminal B.V. is awarded the status of Authorized Economic Operator (AEO) by the Rotterdam Main Customs office. The AEO permit is a customs status that reflects the company's reliability, security and safety in international economic transactions

The Rotterdam Main Customs office have also approved R.B.C. Terminal B.V. as bonded storage location. This gives us the possibility to store goods under customs supervision and arrange the customs documentation for our customers.

These permits fit perfectly in the policy of R.B.C. Terminal B.V. to provide our customers all the logistic services in a safe manner. The AEO status is an internationally recognized quality process and confirms our status as a reliable partner for your container storage of T-1 products.

R.B.C. Terminal B.V. Management

Authorised Economic Operator (AEO)

The AEO concept is based on the Customs-to-Business partnership introduced by the World Customs Organization (WCO). Traders who voluntarily meet a wide range of criteria work in close cooperation with customs authorities to assure the common objective of supply chain security and are entitled to enjoy benefits throughout the EU.

The EU established its AEO concept based on the internationally recognized standards, creating a legal basis for it in 2008 through the 'security amendments' to the "Community Customs Code" (CCC) and its implementing provisions.

In general the benefits include the following core elements:

- Recognition of business partners during the application process,
- Priority treatment at customs clearance,
- Business continuity mechanism.
